V. STATEMENT OF CLAIM

1. From April 18, 2007 to May 2, 2007 and May 23, 2007 to June 6, 2007, **28 Days**, while at the Stateville Corr. Ctr in Joliet, IL I was denied all four of my prescription medications for sperate chronic conditions causing me to suffer serious and unecessary pain and suffering thus violating my constitutional rights.

I did not receive my medication for my chronic ulcer (tagamet) degenerative arthritis (Tylonol), Migrains (Tylonol), back pain from spina bifida (Tylonol), irritable bowel syndrome (Bentyl) and allergies (Chlortrimaton). These medications were all previously ordered by Illinois department of Corrections (hereinafter 'IDOC') doctors but when I was transfered on these occasions Stateville did not give me the medications despite it being on my medical file.

Upon arrival each time I spoke to Medical Technician White who was in charge of giving out medications to inmates. I told him that in addition to my medications I needed a special diet for my ulcer and fish allergy, a low bunk permit because of my back and knee conditions, and a non-smoking cell due to my smoke allegies. Medical Technician White refused all requests and I infomeed him they were all in my medical file he had with him and he still refused.

On april 18, 2007 I informed him that I was in pain from my ear drum having been ruptured which was diagnosed on April 16, 2007 by IDOC doctors at the Pinckneyville C.C. and I was denied any treatment by Medical Technician White.

While in the 'North Receiving Center' (hereinafter 'NRC' of Stateville C.C. on April 24, 2007 the ear pain became unbearable and I informed Officer Egbe and he refused to get a doctor or nurse. I pressed the emergency call button and officer Hopkins answered via intercom and told me to 'deal with it', refused to get a doctor or nurse, then proceeded to leave the cell light on all night while making noises over the intercom saying 'can you hear that' which made my pain worse.

While in the Frank House (hereinafter 'F-house') building from May 23, 2007 to June 6, 2007 I informed Medical Technician Bob (LNU) of my need for medications, non-smoking environmnet, special diet, low bunk permit, and need for a pillow and was repeatedly ignored.

Medical Technician White is employed by the IDOC as a medical technician and as such was responsible for the administering of the medication at Stateville C.C. upon receiving inmates there for court writs as I was. Medication to ease my pain and suffering...

V. (Cont.)

1. (Cont.)

...was readily available and requested by me and denied despite proof of the prescriptions in my medical file. AS A DIRECT RESULT of Mr. Whites deliberate indifference to my serious medical needs I needlessly suffered severe physical pain and permanent hearing loss.

Medical Technician Bob (LNU) is employed by the IDOC via contract with Wexford Health Sources Inc, and as such was responsible to distribute medication and schedule doctors visits at the Stateville C.C. during the dayshift 7am-3pm. Medication to ease my pain and suffering was readily available as well as the forms to order the special diet, low bunk, and non-smoking cell but all were denied on request. AS A DIRECT RESULT of Medical Technician Bob (LNU) deliberate indifference to my serious medical needs; ulcer, IBS, migraines, Arthritis, Allergies, I needlessly suffered severe and unnecessary pain.

Officer Egbe is an officer employed by IDOC at the Stateville C.C. and was responsible to inform the medical staff of my serious medical needs of ear pain, nausea, and dizziness and he refused to do so when I informed him of my condition. This caused additional stress and pain as it aggravated my ulcer, migraines, and IBS. AS A DIRECT RESULT of officer Egbe's deliberate indifference to my serious medical needs I needlessly suffered severe and unnecessary pain and hearing loss.

Officer Hopkins is an officer employed by the IDOC at the Stateville C.C. and was responsible to inform the medical staff of any medical emergencies but she refused to do so. Instead she left room lights on all night and made loud noises over the intercom in the cell while making my pain causing me more unnecessary pain and suffering. The terror of losing more of my hearing and being mocked and ignored was TORTURE and aggravated my stress related illnesses; ulcer, migraines, and IBS causing more pain from these conditions. AS A DIRECT RESULT of officer Hopkins deliberate indifference AND deliberate actions of torture I needlessly suffered pain and hearing loss.

The deliberate indifference and action/inactions of Med. Tech. White, Med. Tech. Bob (LNU), Officer Egbe, Officer Hopkins violated my constitutional right against cruel and unusual punishment under the 8th emendment and goes against the standards of human decency.

A copy of my medical file showing the medical conditions is attached, designated as EXHIBIT A, and made part hereof. A copy of my affidavit about this incident is attached, designated as EXHIBIT B, and made part hereof. A copy of Guy Wilsons affidavit showing a witness to my attempts to get help is attached, designated as EXHIBIT C, and made part hereof.

2. On April 18, 2007 and May 23, 2007 while at the Stateville C.C. upon intake as a court 'writ guest' I was forced to be strip searched in front of appx 80 other inmates on a filthy floor causing an unnecessary violation of my constitutional rights.

When I objected to the method of the strip search to Officer Phelps and Lt. Wright I was told I had to comply or go to Segregation. I explained it violated my religious beliefs and IDOC rules and LT. Wright threatened me with segregation again which caused me.....

V. (Cont.)

2. (cont.)

...considerable stree.

The floor was filthy and the strip search was done in a degrading and humiliating manner with genital and anal inspections being conducted by non-medical personnel and observed by all others in the room. Afterward inmates were in the room for 3hrs so there was plenty of time to have done them individually and space was available making the method used unnecessary and deliberately indifferent to inmates religious, medical, and safety concerns.

The threat by Lt. Wright and the order to strip search in front of other violates my 1st amendment right to religion and free speech. His threat caused my 14th amendment right to due process to be violated as the attempt to orally solve a problem before filing grievances is part of the grievance procedure and a constitutionally protected right.

The filthy floor caused me to contract athletes foot which is still untreated today thus violating my 8th amendment right against cruel and unusual punishment.

To be strip searched in front of other inmates who by statistic are 33% homosexual is a safety and security risk and such unnecessary practices threatens the future safety of all inmates and myself violating the 8th amendment as well.

Officer Phelps is an officer employed by IDOC at the Stateville C.C. and was responsible to perform the strip search. As an officer of IDOC he is responsible to know IDOC rules and laws pertaining to his job but despite my protesting he refused to do so. AS A DIRECT RESULT of Officer Phelps deliberate indifference to my religious beliefs, medical concerns, and future safety, I unnecessarily was degraded, humiliated, caught athletes foot, suffered pain, was exposed to future harm, and my religious rights were violated.

LtWright is a Lieutenant at the Stateville C.C. and employed by IDOC and was responsible, and in the room, for supervising the strip search. Despite my objections he threatened me to comply. As an IDOC Lt. he is responsible to know and follow all IDOC regulations and applicable laws. AS A DIRECT RESULT of Lt. Wrights deliberate indifference to my religious rights, future safety, and medical concerns I had my religious rights violated, got athletes foot and have suffered pain, and was exposed to future harm.

A copy of my affidavit detailing this incident is attached, designated as EXHIBIT B and made part hereof.

3. From April 18, 2007 to May 2, 2007 and from May 23, 2007 to June 6, 2007 while at the Stateville C.C. I was repeatedly deprived of 8 hrs uninterrupted sleep for 28 days.

In the 'NRC' building the policy is to serve breakfast at 2:30AM and the actions of Officer Hester during the 11am-7am shift made sleeping more than 3 hrs impossible.

At 9pm the officer count the inmates and bang on the doors to force them to move even when they can see unobstructed into the cells and inmates are in no way hidden. At 11 pm another count is conducted with the cell lights on and more banging on the cell doors by the officers. At 2:30AM the 'breakfast' is served taking about

V. (Cont.)

3. (Cont.)

one hour to serve and retrieve. Then at 6:30Am another count with more banging on doors by officers. At 9AM the 'lunch' is served followed by a 12pm count, 3pm count, and then dinner about 5-6pm.

In addition to the meals and counts awakening inmates Officer Hester serves the breakfast and from about 12AM to 4AM loudly preaches her version of Christian doctrine for hours at a time very loudly.

In the 'F-House' building the other inmates are permitted to shout at full volume all day and night in their attempts to communicate across the 50 yard open space in the panaoptigon. The cell doors are meshed and sound travel through them and if an inmate needs an officer they bang the metal to metal doors since there is no emergency call button system. The noise level is never less than shouting strength.

Sleep deprivation is a form of torture used to break the will of prisoners of war and as such is a violation of the acceptable standards of human decency. The lack of sleep caused my stress related conditions; migraines, ulcer, IBS to aggravate and caused me severe pain and suffering violated my 8th amendment right against cruel and unusual punishment.

Officer Hester is employed by ODOC and as such was responsible for the supervision of the section of NRC at Stateville C.C. I was housed in. She is responsible to know and follow all IDOC rules and regulations including the ones against excessive noise. As there is no legitimate penological reason for her to loudly preach in the middle of the night or to awaken inmates during count times, her actions were deliberate and unnecessary.

Officer Joseph is employed by IDOC at Stateville C.C. in NRC and as such is responsible to know and follow all IDOC rules and regulations including ones against excessive noise. I informed him of the noise and sleep problems and he ignored my request and continued to count while pounding on cell doors.

Officer Egbe is employed by IDOC at Stateville C.C. in NRC and as such is responsible to know and follow all IDOC rules and regulations including ones against excessive noise. I informed him of the noise and sleep problems and asked that he not pound while counting but he continued this practice daily.

Lt. Douglass is in charge of the officers at the Stateville C.C. NRC and as such is responsible to supervise the officers and enforce IDOC rules and regulations. I informed him of the actions of Officers Hester, Egbe, and Joseph and asked that the pounding on the doors during counts cease and that officer Hester stop loudly preaching in the middle of the night. He ignored my request and the pounding and preaching continued.

Officer Bush is employed by IDOC at the Stateville C.C. F-House and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I informed him of the noise problems and asked they be stopped and he ignored my request.

A copy of my affidavit detailing this complaint is attached, designated as EXHIBIT B, and made part hereof.

V. (Cont.)

3. (Cont.)

Officer Hawk is employed by IDOC at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I asked him to enforce the rules and told him of my lack of sleep but he did not take any actions to stop the noise levels being excessive.

Lt. Nurse is a lieutenant at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I told him of the problems with noise and he was in F-House during his many shifts and heard the banging and shouting and he did nothing.

Lt. Garby is a lieutenant at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I told him of the problems and he could hear it himself and he took no action to correct the problem.

Lt. Jackson is a lieutenant at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I told him of the noise problems and he works in F-house and was there during the high noise level and banging and he took no action to correct it.

Lt. Franklin is a lieutenant at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including those against excessive noise. I told him of the noise problems and he works in F-House and could hear the noise and banging and he took no actions to correct the problem.

AS A DIRECT RESULT of Officers Joseph, Egbe, Hawk, and Bush and Lieutenants Douglass, Nurse, Garby, Jackson, and Franklin inactions the noise continued day and night, I could barely sleep and my stress related conditions; ulcer, migraines, and IBS were aggravated causing severe pain and suffering thus violating my 8th amendment rights against cruel and unusual punishment.

4. From April 18, 2007 to May 2, 2007 and from May 23, 2007 to June 6, 2007 while at the Stateville C.C. I was denied a pillow.

IDOC rules and regulations and supply lists require one pillow be given to every inmate.

I asked for a pillow from Officers Hester, Joseph, Hopkins, Egbe, Bush, and Hawk and from Lt. Douglass, Lt. Nurse, Lt. Garby, Lt. Franklin, and Lt. Franklin and was denied by all of them.

AS A DIRECT RESULT of the denial of a pillow I experienced severe pain day and night from my lower back condition, spina bifida. Pillows are regularly available and given to general population inmates and segregation inmates at the Stateville C.C. but not to writ guests. They are available to all 'writ guests' that stay in Danville C.C.; Centralia C.C. Dixon C.C.; Hill C.C., and Pinckneyville C.C. but not at Stateville C.C. This unnecessary pain and suffering violated my 8th amendment right against cruel and unusual punishment.

Officer Hester is employed by IDOC and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. She refused to give me one upon request.

V. (Cont.)

4. (Cont.)

Officer Joseph is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested. Causing me pain and suffering.

Officer Egbe is employed by the IDOC at the Stateville C.C. and as such is responsible to know and uphold All IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Lt. Douglass is in charge of the officers at the Stateville C.C. and for knowing IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Officer Bush is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Officer Hawk is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Lt. Nurse is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Lt. Garby is employed by IDOC at the Stateville C.C. and as such is responsible to know and follow all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Lt. Jackson is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

Lt. Franklin is employed by IDOC at the Stateville C.C. and as such is responsible to know and uphold all IDOC rules and regulations including the issuing of pillows. He refused to do so when I requested causing me pain and suffering.

An affidavit in support of this incident is attached, designated as EXHIBIT B, and made part hereof.

A copy of my medical file showing my back condition is attached, designated as EXHIBIT A, and made part hereof.

5. From April 18, 2007 to May 2, 2007 and from May 23, 2007 to June 6, 2007 while in the Stateville C.C. as a 'writ guest' I was kept in a cell of appx 40 sq ft with another inmate for an average of 23 hrs per day.

I was on the 'writ' challenging my criminal convictions in pro-se collateral proceedings.

While a 'writ guest' I was denied almost all priveleges that general population (hereinafter 'GP') inmates recieve even at Staeville C.C. which is a maximum 'level 1' prison.

V. (Cont.)

5. (Cont.)

I was not allowed to bring ANY books, magazines, electronics, pens envelopes, or food. Inmates in Stateville GP get all these and even those punished in segregation get their TV's radios, envelopes, books, and most all of their property.

The cells are filthy and no cleaning supplies are given. I was not able to get laundry done (28 days total) and had to wear the same jumpsuit. There are roaches and mice in the cells, the showers are cold and filthy, and in F-House there was no clean mattress.

To be punished for challenging my criminal case is a retaliatory act by IDOC. This is evident because other inmates on writs in other prisons are treated the same as the GP inmates of those prisons they are in; ie. Centralia C.C.; Dixon C.C.; Hill C.C.; Danville C.C.; Pinckneyville C.C. This retaliation violates my 8th amendment right against cruel and unusual punishment. As the conditions at Stateville are unbearable and cause pain and suffering they have coerced me and other inmates to not challenge their cases.

Warden McCann is the Warden at Stateville C.C. and as such is responsible for setting the policy by which 'writ guests' are treated and for the cell cleanliness and all the above conditions.

Warden McCann was informed by me of these problems by letter, attached as EXHIBIT D, and made part hereof. He knew or should have known that these conditions exist in an open and recurrent manner. AS A DIRECT RESULT of Warden McCann's deliberate indifference to the cell conditions, writ guests policies and loss of privileges, and unnecessary denial of what GP inmates receive (phone access, dayroom time, showers, etc) I suffered extreme stress aggravating my stress related conditions; ulcer, IBS, and migraines. The filthy mattress and cells caused my mold allergies to activate and caused severe pain and suffering from constant sneezing. These violated my 8th and 14th amendment right against cruel and unusual punishment, retaliation for litigation, and denial of privileges without a hearing or due process.

A copy of my affidavit in support of this claim is attached, designated as EXHIBIT B, and made part hereof.

A copy of Guy Wilson's affidavit describing these conditions is attached, designated as EXHIBIT C, and made part hereof.

A copy of my medical file showing my medical conditions is attached, designated as EXHIBIT A, and made part hereof.

6. Warden Terry McCann is the warden at the Stateville C.C. at the time of these incidents and he is therefore responsible for ALL the officers training and training of staff or lack thereof.

The incidents described in this complaint were all brought to his direct attention through the grievance process and by letter I sent to him both times in his facility, Attached as EXHIBIT D and made part hereof. The conditions described in this complaint are his 'institutional policy' of which as warden he is responsible for upholding and creating. These claims occur in an open and recurrent manner, frequent and widespread and are so prevalent and in a regular pattern that a supervising warden must have, or should have, been aware of them.

As a direct result of Warden McCann's institutional policies, complete lack of training of his staff, and deliberate indifference

V. (Cont.)

6. (Cont.)

to IDOC rules and state law, my 1st amendment right of religious freedom, 8th amendment right against cruel and unusual punishment, and 14th amendment right of due process were all violated causing me sever pain and suffering including hearing loss.

7. The defendants are named herein are prison officials whose authority rests on state law and they were personally involved in their individual and official capacities in the violation of my constitutional rights.

8. The Plaintiff reserves the right to investigate and add to the list of defendants as they may be determined through discovery process.

VI. RELIEF

Punitive, nominal, and compensatory damages of \$1,000,000 due to the severe pain, suffering, hearing loss, medical neglect, endangerment, and violation of my constitutional rights as named herein.

The immediate change of the illegal institutional policeis named herein and removal and/or diciplinary actions against the defendant.

The immediate INJUNCTION to cease the holding of Writ Guests in conditions any different than those in the holding prisons general population and any other relief this court deems just and proper.

Signed this 15th day of December, 2007.

Re: Dominick Giampaolo

Dear Dr. Drugas:

Thank you for the referral of Dominick Giampaolo. He has left knee pain, probable chondromalacia patella, mild early degenerative arthritis, rule out meniscal tear. Because of the patient's mechanical symptoms of popping and locking and shifting an MRI is ordered to rule out meniscal tear. Further recommendations will be made following the MRI. In the interim, gentle quadriceps strengthening exercises are recommended.

Again, thank you for this consultation. If you have any further questions please give me a call.

Sincerely,

AFFIDAVIT OF DOMINICK GIAMPAOLO

I, Dominick Giampaolo, the undersigned affiant, certify and state that I am the maker of this affidavit and that I have read its contents and under oath and penalty of perjury as provided under 28 USC 1746 and 18 USC 1621 state that the following to be true and correct;

That I was incarcerated at the Stateville C.C. from April 18, 2007 to May 2, 2007 in thier NRC building and from May 23, 2007 to June 6, 2007 in their F-House building.

That I was there as a writ guest to appear pro-se in court on collateral proceedings in my criminal cases. I was not allowed to bring books, magazines, envelopes, pens, pencils, food, or electronic with me to Stateville from my places of incarceration because they said Stateville would not allow it.

That while in NRC I had severe ear pain from a ruptured eardrum and was dizzy and nauseated. I Told Med. Technichian White, Officer Egbe, and Officer Hopkins and was not allowed to see a doctor or nurse. I was also denied my prescription medication for my ulcer, arthritis, migrains, IBS, allergies, back pain, and knee pain all previously diagnosed chronic conditions for which IDOC doctors had written prescriptions.

When arriving both times I was forced into strip search conducted in front of other inmates which violed my Christian beliefs and ethics. I was threatened by Lt. Wright that if I didnt comply I would go to segregation. While in Stateville the cells were filthy, no cleaning supplies were given, I had no pillow, was deprived of sleep by officers banging on cell doors and shouting inmates, loss priveleges of phone calls, day room time, commissary, books, magazines, and electronic.

I was in my cell 23 hrs per day with one chance for yard per week for 5 hrs. When I tried to get treatement for my ear I was told to deal with it by officer hopkins and then she left the light on all day and night while making shrieking noises to deliberately aggravate my ear pain syaing can you hear that, etc. I tried to get my medicine and medical attention from Med Tech White and Med. Tech. Bob (LNU) but received none.

After this denial I noticed that I had lost more hearing in my left ear. The filthy cells and mattresses aggravated my allergies and the stress of being confined in a cell designed and rated for 1 person but having 2 as well as the stres of the noise, no medication, and other conditions caused my ulcer to aggravte along with the IBS and migraines putting me in sever pain. I told Lt. Garby, Lt. jackson. Lt. Franklin, Lt. Nurse, and others of these conditions with no help from any of them or the officers I spoke of.

I filed the grievance with the ARB and received a reply that they would investigate. They have not replied since then and the relief I requested has not been given. They are beyond their 6 months to reply and thus my remedies are exhausted.

I further sayeth not.

This affidavit being made under penalty of perjury this 1st Day of December, 2007 pursuant to 28 USC 1746 and 18 USC 1621.

EXHIBIT C

Affidavit of Guy Wilson

I, Guy Wilson, declare and state under penalty of perjury that the following be true and correct in substance and in fact;

That I was held in Stateville Corr. CTR in Joliet, IL in Frank House (F-house) in cell F-350 from 5-23-07 to the present while on a court writ.

During this time I heard and observe Inmate Dominick Giampolo, in cell F-349 ask medical technicians, officers, Lieutenants, and Stateville Staff for the following: His medication, cleaning supplies, pillow, soap, access to the Law Library, access to the phone, and to not be treated worse than the segregation inmates. Also here in F-house. At no time were any of his requests remedied. I saw Mr. Giampolo send notes to various staff which contained some of these requests.

I personally have asked verbally or in writing for all of the above listed items and in addition reported roaches in the cells, library book or access to them, and for writ guests to not be punished while in Stateville Corr. CTR. None of my requests have been answered and conditions have remained the same. All requests are ignored but the deficiency is acknowledged by various staff with them saying there is nothing they can do.

Further, affiant sayeth not.

This affidavit being made under penalty of perjury pursuant to 28 U.S.C. § 1746 and 18 U.S.C. § 1621.

I AM A 'WRIT GUEST' IN NRC AND HAVE SOME SERIOUS PROBLEMS WITH HOW I AM BEING TREATED. I HAVE A RUPTURED CARDIUM AND CANT GET MEDICAL CARE. MY PRESCRIPTION MEDS HAVE BEEN DENIED, MY LOW BUNK PERMIT IGNORED, MY SPECIAL DIET IGNORED, THERE IS NO PILLOW WHICH HURTS MY BACK, THEY WILL NOT PERMIT ENVELOPES OR BOOKS, THERE'S NO GARBAGE CAN IN THE CELL, THERE ARE NO CLEANING SUPPLIES. C/O HESTER PREACHES ALL NIGHT, C/O HUPKINS MAKES NOISES ON THE INTERCOM WHEN I ASKED FOR TREATMENT. MY PHONE CALLS, COURT ORDERED, TO MY SON ARE NOT ALLOWED. I'M IN A CELL DESIGNED FOR 1 PERSON BUT OCCUPIED BY 2. I'M NOT ALLOWED ANY DAYROOM OR OTHER GP PRIVILEGES ALTHOUGH I'VE DONE NOTHING TO JUSTIFY THE REMOVAL OF MY PRIVILEGES. I CANT SLEEP BECAUSE YOUR C/O'S NEEDLESSLY BARK AND YELL INTO CELLS DURING COUNTS EVEN WHEN I'M IN PLAIN SIGHT. ALL OF THIS VIOLATES INDC RULES, REGULATIONS, STATE STATUTES, AND MY CONSTITUTIONAL RIGHTS. PLEASE GET MY MEDS, PILLOW, PERMIT, SPECIAL DIET, AND MY PRIVILEGES BACK AS SOON AS POSSIBLE.

IVE BEEN DENIED MY SPECIAL DIETS, LOW BUNK, AND COURT ORDERED PHONE CALLS. THE CELL IS FILTHY AND ROACH INFESTED AND THEY REFUSE TO GIVE CLEANING SUPPLIES. THEY DONT DO MAINTENANCE AND IM IN A CELL INTED FOR 1 MAN BUT HAS 2 FOR 24 HRS/DAY 6 DAYS A WEEK AND ONLY 1 SHOWER A WEEK. THE MATTRESS IS FILTHY AND HE MOLD ON IT HAS AGGRAVATED MY ALLERGIES. IVE BEEN DENIED PRIVILEGES OF YOUR GP INMATES AND HAVE LESS PRIVILEGES THAN EVEN YOUR SEG. INMATES, TO BE TREATED LIKE THIS VIOLATES MY CONSTITUTIONAL RIGHTS. I COMPLAINED TO YOUR C/O'S AND LIT'S WITH NO RELIEF. YOUR STRIP SEARCH POLICY VIOLATES IDOC RULES AS WELL AND THESE OTHER COMPLAINTS ABOVE. WHEN I TOLD HIM TELLING A LOT OF MY RELIGIOUS OBJECTION TO BEING STRIP SEARCHED IN FRONT OF OTHERS HE THREATENED ME WITH SEG. PLEASE FIX THESE PROBLEMS ASAP.
